

Sreelatha Vallabhaneni

Front end Developer, React Native Developer

Dedicated and experienced Frontend Developer around 3 years of professional experience in designing and implementing intuitive, responsive, and visually appealing web applications. Proficient in HTML, CSS, JavaScript, TypeScript, and leading frontend frameworks such as React and NextJS. Demonstrated success in optimizing website performance, ensuring cross-browser compatibility, and delivering exceptional user experiences. Committed to continuous learning, staying at the forefront of emerging technologies, and leveraging innovative frontend development to drive results. Additionally, I am keenly interested in learning backend technologies.
